Grillin' me softly

CLEAN LABEL BURGER WITH AUTHENTIC NATURAL GRILL TASTE

Hamburgers are a long-standing trend in gastronomy. From food trucks to Michelin-starred restaurants, chefs prepare these hearty products that grab our appetite with the simplicity of an onion bun, meat, sauce and a bit of lettuce – and yet they can look different every time. We have developed a clean label burger for the convenience-food market that has an authentic, natural and rich barbecued taste, making it especially juicy and delicious.
